SASWAT DASH

Procurement and Operations

Kolkata, India | +91 88954 06527 | dashsaswat09@gmail.com | linkedin.com/in/saswatdash2003 | github.com/saswat-projects-hub

SUMMARY

Procurement Officer at HPCL handling end-to-end public-sector procurement, from indent to payment. IIT Kharagpur mechanical and manufacturing engineer, GATE 2024 qualified, with an analyst's toolkit: a 10,000-record vendor analysis exposed $2.71M of slow-moving inventory and 65.7% vendor concentration. Has led cross-functional teams at three startups.

EXPERIENCE

Hindustan Petroleum Corporation Limited (HPCL) | *Procurement Officer* | Kolkata — Aug 2026 – Present

- Review indents from user departments and turn them into clear specifications, quantities and cost estimates
- Prepare and float tenders on e-procurement portals, and handle bidder queries and pre-bid clarifications
- Run techno-commercial evaluation of bids with engineering and finance teams and recommend awards
- Issue purchase orders and contracts, then track delivery, inspection and vendor payments to closure
- Manage vendor relationships and performance, keeping every step transparent and audit-ready

Vecmocon Technologies | *Data Analyst & Strategy Intern* | EV intelligence — May 2024 – Jul 2024

- Analysed 50,000+ EV trip records in SQL to map demand, income and supply gaps for an NBFC leasing programme
- Improved rule-based route categorisation 27% using OpenStreetMap road tags, speed trends and stop density

InstaPrepsAI | *Product Management & Analyst Intern* | B2B and B2C EdTech — Jun 2025 – Sep 2025

- Led a 6-member team through research, design and agile sprints to launch a Student Admin Assessment platform in 9 days
- Designed KPI dashboards tracking churn, funnel conversion and engagement for leadership decisions
- Grew monthly active users 57% to 1.8k+ with a relaunch strategy built on behavioural analysis and A/B tests

Nexorea | *Co-Founder & Product Head* | AI mental-wellness startup — May 2025 – Present

- Ran 48 user interviews and 7 design sprints over a 12-week pre-MVP to define an AI companion and diary
- Stress-tested a mobile-first architecture for 6,000+ DAUs; prototypes hit under 200 ms latency, 35% faster than baseline

Devlaunch | *Product Management Intern* | B2B SaaS — Apr 2025 – Jun 2025

- Cut bounce rate 12% by running 37 user interviews and turning the insights into PRDs that restructured navigation

Habuild | *Product Management Intern* | B2C health-tech — Aug 2024 – Nov 2024

- Increased class attendance 19% in 3 months by launching the "Yoga Together" and "Pause My Subscription" features

Podhikal Scientific Pvt. Ltd. | *Product Development Intern* | Scientific instruments — May 2023 – Jul 2023

- Modelled and optimised the XY motion-controller assembly in SolidWorks to minimise vibration
- Prototyped the motion-control unit in lightweight alloys, cutting weight 12%

PROJECTS

Vendor performance and profitability, analytics project — Jul 2025 – Aug 2025

- Analysed 10,000+ sales and inventory records: $2.71M of slow-moving stock and 65.7% reliance on top vendors
- Ran a regression on bulk purchasing that showed a 72% unit-cost reduction opportunity
- Isolated 198 high-margin brands to redirect marketing spend

AtliQ Hotels revenue optimisation, analytics project — Jun 2025 – Jul 2025

- Found a 46,134 room-night upside and a 22.2-point weekend-weekday occupancy gap across 25 properties
- Modelled pricing: a 15% discount lifted Standard occupancy 7.3 points while a 15% premium protected Presidential margins

Banking dashboard, Power BI — Sep 2024 – Oct 2024

- Built a Power BI dashboard over 188 clients tracking $139.9M loans, $111.5M deposits and $5.17M fees against goals

EDUCATION

Indian Institute of Technology Kharagpur — 2021 – 2026

B.Tech (Hons.) Mechanical Engineering and M.Tech Manufacturing Science & Engineering, 5-year Dual Degree
CGPA 7.11/10 | Class XII, CHSE Odisha: 79.83% (2020) | Class X, BSE Odisha: 85.5% (2018)

SKILLS

Procurement and operations: Indent review, specifications, tendering on e-procurement portals, techno-commercial bid evaluation, purchase orders and contracts, vendor management, cost estimation, inventory analysis

Analytics: SQL, Python (Pandas, NumPy, SciPy, scikit-learn), Power BI, Tableau, Excel

Engineering: SolidWorks, AutoCAD, Fusion 360, Siemens NX, MATLAB, Mastercam, CNC, metal forming, failure analysis

ACHIEVEMENTS AND LEADERSHIP

- Qualified GATE 2024 (Mechanical Engineering)
- Rank 9 of 4,518, American Express Campus Challenge, Decision Science track (2024)
- Campus winner, Tata Elxsi TELIPORT, a national competition of 7,000+ teams (2023)
- Secretary, Culinary Arts Subcommittee, Technology Students' Gymkhana: ran logistics and budgets for 40+ events
- LiGHT Head, Gopali Youth Welfare Society: led 13 centres serving 450+ students; raised ₹3L+ in the annual fundraiser
- Governor, Public Policy & Governance Society, IIT Kharagpur: led 86 members; reached 10,000+ people in 15+ cities
