SASWAT DASH

Product Manager

Kolkata, India | +91 88954 06527 | dashsaswat09@gmail.com | linkedin.com/in/saswatdash2003 | github.com/saswat-projects-hub

SUMMARY

Product manager with three product internships and a co-founded AI wellness startup, trained as an engineer at IIT Kharagpur. Launched an assessment platform in 9 days and grew its monthly active users 57% through funnel analysis and A/B testing. Pairs user research and PRDs with SQL and Python analytics and fast prototyping. Now a Procurement Officer at HPCL.

EXPERIENCE

Hindustan Petroleum Corporation Limited (HPCL) | *Procurement Officer* | Kolkata — Aug 2026 – Present

- Own end-to-end procurement for regional operations, from department requirement to tender, purchase order and payment
- Run techno-commercial bid evaluations with engineering and finance teams and manage vendor performance

Nexorea | *Co-Founder & Product Head* | AI mental-wellness startup — May 2025 – Present

- Ran 48 user interviews and 7 design sprints over a 12-week pre-MVP to define an AI companion and diary
- Prototyped a 5-persona voice AI with Google APIs, preferred by 68% of 80+ test users
- Stress-tested a mobile-first architecture for 6,000+ DAUs; prototypes hit under 200 ms latency, 35% faster than baseline
- Built an AI mood dashboard and creative toolkit, validated with 150+ users
- Set launch KPIs of 75% onboarding completion and a 25–30% lift in week-1 retention

InstaPrepsAI | *Product Management & Analyst Intern* | B2B and B2C EdTech — Jun 2025 – Sep 2025

- Led a 6-member team through research, design and agile sprints to launch a Student Admin Assessment platform in 9 days
- Grew monthly active users 57% to 1.8k+ with a relaunch strategy built on behavioural analysis and A/B tests
- Lifted onboarding activation 18% through cohort and funnel analysis of 3,000+ users
- Cut iteration time 50% by leading rapid prototyping with Lovable and Google AI Studio
- Designed KPI dashboards tracking churn, funnel conversion and engagement for leadership decisions

Devlaunch | *Product Management Intern* | B2B SaaS — Apr 2025 – Jun 2025

- Cut bounce rate 12% by running 37 user interviews and turning the insights into PRDs that restructured navigation
- Grew daily active users 5% by adding gamification (streaks and badges) to reward consistency
- Raised engagement 10% by launching community forums and personalised event reminders

Habuild | *Product Management Intern* | B2C health-tech — Aug 2024 – Nov 2024

- Increased class attendance 19% in 3 months by launching the "Yoga Together" and "Pause My Subscription" features

Vecmocon Technologies | *Data Analyst & Strategy Intern* | EV intelligence — May 2024 – Jul 2024

- Analysed 50,000+ EV trip records in SQL to map demand, income and supply gaps for an NBFC leasing programme
- Improved rule-based route categorisation 27% using OpenStreetMap road tags, speed trends and stop density

PROJECTS

AirtCraft, B2B art marketplace | Co-founder — 2024 – 2026

- Surveyed 481 artists and buyers, interviewed HR teams and interior designers, and led the pivot from consumer to B2B
- Launched a quote-based platform with 4 role-based dashboards for corporate buyers, interior designers, artists and admins

BookVerse, social reading app — Sep 2025

- Researched 90+ sources and 5 competitors, prioritised with RICE and MoSCoW, and built an MVP on Lovable and Supabase

Zomato review engagement, NextLeap PM Fellowship, Top Fellow — Jun 2024 – Jul 2024

- Set product goals and metrics, designed UI changes and a measurement framework projected to raise detailed reviews 24%

InstaPrepsAI onboarding teardown, product teardown — 2025

- Mapped the onboarding journey and recommended 3 fixes: earlier confidence analytics, clearer permissions, less OTP friction

SmartChef and ClarioRx, product design case studies — Nov 2025

- Designed an ingredient-scanning cooking app and an AI agent for healthcare prior authorisation, with flows and rationale

EDUCATION

Indian Institute of Technology Kharagpur — 2021 – 2026

B.Tech (Hons.) Mechanical Engineering and M.Tech Manufacturing Science & Engineering, 5-year Dual Degree

CGPA 7.11/10 | Class XII, CHSE Odisha: 79.83% (2020) | Class X, BSE Odisha: 85.5% (2018)

SKILLS

Product: User research, PRDs, roadmapping, prioritisation (RICE, MoSCoW), A/B testing, funnel and cohort analysis, product metrics (AARRR, HEART), Jobs to be Done, Scrum, Kanban, OKRs

Product tools: Figma, Balsamiq, Miro, JIRA, Confluence, Notion, Postman, Amplitude, CleverTap, Lovable, Google AI Studio

Analytics: SQL, Python, Power BI, Tableau, Excel, Amplitude

ACHIEVEMENTS AND LEADERSHIP

- Rank 9 of 4,518, American Express Campus Challenge, Decision Science track (2024)
- Campus winner, Tata Elxsi TELIPORT, a national competition of 7,000+ teams (2023)
- Qualified GATE 2024 (Mechanical Engineering)
- Governor, Public Policy & Governance Society, IIT Kharagpur: led 86 members; reached 10,000+ people in 15+ cities
- LiGHT Head, Gopali Youth Welfare Society: led 13 centres serving 450+ students; raised ₹3L+ in the annual fundraiser
